

FACT SHEET

Most Canadian boxes and cartons are 100% recycled content

Most of the packaging mills in Canada produce 100% recycled content board. That's the way they are set up.

Source: *PPEC Recycled Content & Furnish Study, 2018*. A few mills blend recycled material with wood residues (wood chips, shavings and sawdust left over from the lumber operations), and three mills use wood residues or freshly-cut trees.
